

Tough Runner from AllStars is a mobile obstacle course designed to engage your entire school in an exciting and inclusive fitness adventure.

This activity not only offers physical challenges but also helps children build resilience, confidence, and integrity as they strive to overcome each obstacle.

The course will be set up on your school grounds by professional installers and overseen by trained AllStars staff.

Both children and teachers will participate in a "Muddy Run" featuring up to 15 thrilling obstacles, including spider webs, jailbreaks, slack lines, tunnels, net climbs, cargo nets, tyre runs, balance beams, and more.

Up to 36 per session

Full Day Only

Bespoke Packages
